WORK EXPERIENCE

The GW Medical Faculty Associates

Washington, D.C. (Remote)

Web Associate

July 2023 - Present

- Collaborate with stakeholders from the GW Medical Faculty Associates and the School of Medicine & Health Sciences to design and develop websites, pages, and features.
- Test sites in development environments to diagnose bugs and ensure all intended functionality.
- Optimize all site media and regularly audit sites for accessibility and performance issues.
- Write CSS and JavaScript to create styled components, targeted site features, and internal tools.

The GW School of Medicine & Health Sciences (SMHS)

Washington, D.C.

Web Migration Assistant

October 2022 - July 2023

- Migrated and quality tested over 3,000 web pages in the Drupal 9 framework for the relaunch of the GW SMHS website.
- Enforced web accessibility standards and responsiveness across all redesign and migration tasks.
- Developed custom page components using CSS and JavaScript to complete various projects and sites for stakeholders across the SMHS.

Boston University School of Medicine

Boston, MA

Web Designer

January 2022 - August 2022

- Redesigned websites for the Department of Pharmacology & Experimental Therapeutics and the Office of Financial & Grants Administration.
- Surveyed faculty to determine widespread changes to content presentation and other design requests.
- Implemented extensive custom CSS styling to the existing WordPress site framework.
- Sourced and optimized new site images for a fresh, modern look.

LEADERSHIP EXPERIENCE

The Daily Free Press

Boston, MA

Photo Section Editor

August 2021 - December 2021

- Determined and coordinated photo coverage for city, campus, features, sports and lifestyle sections.
- Managed a staff of three associate photo editors and over 20 photographers.
- Edited images and wrote captions in AP Style for daily online publication. Curated photo galleries.
- Trained staff photographers.
